*The Brick Oven was established in downtown Austin in 1982. We built the largest wood fired Brick Oven in Texas from original designs, using cast pieces over 100 years old. The oven is consistently fired every day maintaining a cooking temperature of 700 degrees.*

*Our Brick Oven weighs 20,000 pounds, consumes three cords of oak wood every month and gives our food a unique character and flavor. We feature house made breads from original recipes and are locally owned and operated.*
