THE BRICK OVEN was established in downtown **AUSTIN** in **1982**. We built the largest wood fired **BRICK OVEN** in **TEXAS** from original designs, using cast pieces over 100 years old. The oven is consistently fired every day maintaining a cooking temperature of 700 degrees.

Our **BRICK OVEN** weighs **20,000 POUNDS**, consumes three cords of oak wood every month and gives our food a unique character and flavor. We feature house made breads from original recipes and are locally owned and operated.
